ALLERGIES

1. We have one **dairy free** option available. It is a sorbet and the flavour will rotate, depending on the day. All other flavours have dairy.
2. We have lots of **gluten friendly** flavours available. They are not gluten free as there can be cross contamination.
3. None of our flavours are fully **peanut free** as there can be cross contamination between buckets. However, there are lots of flavours without nuts and we can wash the scoop. If it is a highly severe allergy, it might be best not to risk it.

Please fully fill out this form and email it back to us as soon as possible. We would prefer at least a week's notice so that we can ensure the correct number of staff are working. Thank you!
